Class 1

This week, we started reading 'Goldilocks and Just the One Bear', a brilliant twist on the traditional tale. In English, we are focusing on descriptive language, using adjectives and expanded noun phrases to make our writing more detailed and engaging.

In Maths, we are learning about fractions and practising how to find and recognise halves, quarters, and thirds of amounts.

Reception children are focusing on recognising odd and even numbers. We have also been practising counting in twos to support their understanding of this concept.

As a fun activity, the children thoroughly enjoyed creating a "Superhero Me" character as part of the Young Writers competition. We saw some wonderfully imaginative creations, including Sparkle Girl, Jumping Man (a spider-frog hybrid!), a superhero who spreads love, and another dedicated to protecting nature, to name just a few. The children's creativity and enthusiasm were fantastic to see!

Class 2

We enjoyed an educational day at Stonehenge on Tuesday, the weather was kind and we all made invigorating walk out to the stones and back. We had fun trying to recreate all the picture poses in front of the stones sat and even managed to enjoy lunch in the sunshine of this peaceful setting. The children were lucky enough to participate in a workshop where they were able to try on clothes from the period, learn about their diet and how the stones were placed.

In Geography our topic is Rivers, the children are learning about the different features of a river and have drawn their own interpretations and its landscape.

In English we have been looking at Shakespeare's Macbeth were the children have looked closely at the character Lady Macbeth.

In Maths we have been interpreting bar charts on favourite pets, how many apples picked on each day of the week and scores and sports.
